

Moral Compass Guide

“The Compass That Leads To Good Karma, Good Health and Honest Wealth”

Most of us live our lives doing what is right. Even as children, we knew what “*felt right*”. There was a feeling that emerged that dictated our action and that feeling was our “*moral compass*.” We all search the internet seeking to find the correct words to use for *commonality content* such as key marketing words, appealing sites, disclaimers, terms of use and other such commonality information.

I’ve used *commonality content* to ensure that as an Internet Marketer, I was using the *language* of the Gurus whom I feel all believe in sharing the language of commonality. However, there is a *difference*, between *commonality content* that we all use and ***deliberately*** being dishonest. *Because our lanes to spirituality may appear headed in different directions, we all will end at the same place, not necessarily the same time.*

So, for those who operate in a lane other than honesty; below please find your moral compass guide to ensure you remain *within the right lane* when you purchase from Spiritual PLR.
